FORGET THE STRAIGHT AND NARROW—THESE DESIGNS HAVE REEL APPEAL.

Clockwise (from bottom left): The **Bette chair** by Lulu DK for Elite Leather pops with carved wood details (chair, \$2,940; ottoman, far right, \$1,250; EliteLeather.com). Sitting pretty on Robert Austin Gonzalez's glass-topped **ST36 table** with eco-friendly black walnut base (34" h x 23" dia, \$6,400; RobertAustinGonzalez.com) are glass **Lumiere candle holders** (9" h to 15 1/2" h, from \$4; CB2.com). The painted-wood **Turned Leg console** puts a sexy twist on a simple shape (52" w x 17" d x 30" h, \$399; BrocadeHome.com), and the lacquered **Sa'ke floor lamp** by Hwang Bishop makes light wave (\$2,259; 401/245-9557). Palecek's black wood finial **bowl** has curve appeal (8 3/4" dia x 29 1/2" h, \$218; Palecek.com), while Gino Carollo's metal **Vanity table** with a golden finish for Bonaldo brings new meaning to "spin" (15" dia x 17" h, \$407; DDCNYC.com).
